Childcare Costs Confirmation Form CCG2

Your actual weekly childcare costs for academic year 2016/17

Why do you need to complete this form?

You and your childcare provider need to complete this form to confirm the actual amounts your provider has charged you for childcare.

Who should complete this form?

Only complete this form if:

- you've already given us estimated childcare costs and we've asked you to confirm what your childcare provider actually charged; or
- you're applying for Childcare Grant late and we've asked you to send it at the same time as your Childcare Grant Application form (CCG1).

How to complete this form:

- **You complete the student section which starts on page 3** – this asks for information about you and whether you expect any changes to your typical weekly childcare costs.
- **You need to read, sign and date the declaration on page 8.**
- **Ask your childcare provider(s) to complete the childcare provider section which starts on page 10** – this asks them to confirm information about themselves, your children and how much they have charged you for childcare.

Confirming your childcare costs

Your childcare providers need to confirm their weekly charges for three date ranges in the academic year. We refer to these date ranges as periods. The exact start and end dates of the periods are determined by your course start date.

The three points in the academic year when you need to confirm your childcare costs are usually:

- 8 weeks from the start of your academic year
- After a further 13 weeks
- At the end of the academic year.

You can also use this form to tell us about any changes to your childcare costs that you expect during the rest of the academic year.

We'll use your confirmed childcare costs and any updated estimates you provide to check if we've paid you the right amount of Childcare Grant and we may adjust your future payments.

When do you need to return this form?

If you're sending this form to confirm your childcare costs in a period you've already been paid for, return it as soon as possible. If we haven't received this form from you within six weeks of the end date of the period you're confirming your costs for, your Childcare Grant payments will be stopped and you may have to repay any Childcare Grant you've already had.

If you're applying for Childcare Grant late, you should send this form at the same time as your Childcare Grant Application form (CCG1). Please note, if you haven't applied for Childcare Grant within 9 months of your academic year start date, you'll no longer be eligible.

Where do you need to send your form?

Your childcare costs confirmation dates

Your childcare provider should only confirm their charges for weeks in periods which have ended when you send this form. If they've already confirmed charges for a period, they don't need to confirm those charges again.

See the examples below.

Example 1:

A student who starts their course in September sends this form on 1 December 2016 - during Period 2. The provider should only confirm their charges for dates in Period 1.

Example 2:

A student who starts their course in September has previously confirmed their Period 1 costs. They send this form for Period 2 on 1 February 2017. The provider should only confirm their charges for dates in Period 2.

Example 3:

A student who starts their course in September hasn't confirmed their Period 1 costs yet. They send this form on 1 February 2017. The provider should confirm their charges for dates in Period 1 and Period 2.

On the next page, tell us which dates your childcare provider will be confirming their charges for with this form.

- I understand that if I do not take up my childcare, or if I change to a childcare provider who is not registered or approved, I will have to pay back any overpayment of Childcare Grant.
- I understand that if I do not provide the evidence of my childcare costs within the timescales set, I might lose my entitlement to Childcare Grant. Also if my payments to my childcare provider are different from the estimates I provide, I understand that further payments will increase or decrease accordingly. If no further Childcare Grant payments are due to be paid to me, I may be liable to repay any difference.
- I confirm that neither I nor my husband, wife, civil partner or cohabiting partner have chosen to receive support for childcare from the childcare element of: (i) the Working Tax Credit; (ii), the Universal Credit; (iii) Tax-Free Childcare; and/or (iv) the NHS Childcare Allowance; and I agree to tell SLC immediately if I or my husband, wife, civil partner or cohabiting partner does receive this support. What do you need to do now?

Pass this form to your childcare provider(s). They need to read page 10 and complete one of the childcare provider sections.

Tell your childcare provider which dates they need to confirm their weekly charges for. They should only confirm what they charged for weeks in periods which have finished.

Once your childcare providers return the form to you, check that the information they've provided seems accurate. If you think they've made a mistake, you have to contact them to discuss this. They need to correct any mistakes themselves and they must sign the form next to each correction.

Are you confirming your costs for more than one period?

You may have to give your childcare providers more than one copy of the costs confirmation page so they can confirm their charges for all of the periods they provided childcare in. Send any extra copies of this page with the rest of your form.

If they use more than one copy of the costs confirmation page, your providers must sign and date the declarations on both copies.

Do you use more than three childcare providers?

There is space for three providers to confirm their charges on the form. If you use more than three providers, print-out extra copies of the childcare provider section. Make sure you send any extra copies in with your completed form.

How does the Childcare Grant work?

The student detailed on this form has applied for Childcare Grant to help them pay for their childcare. The student gives us their estimated costs for the academic year and we pay them a grant of up to 85% of their costs. It's up to the student to pay you for their childcare.

Why do you need to complete this form?

Complete this form so we can work out if we've paid the right amount of Childcare Grant to the student. We'll ask you to do this three times during the student's academic year.

If you don't complete this form, we'll stop the student's Childcare Grant payments and they may not be able to pay you for their childcare.

What do you need to tell us?

- Your name, contact details and registration details.
- The **names of the children** you provided care for.
- The **weekly** amounts you've charged this student for childcare.

What dates do you need to confirm your charges for?

There are three points in the academic year when you need to confirm what you've charged the student for childcare per week. The student should've told you the date range they need you to confirm your charges for when they gave you this form.

Do not confirm your charges for any weeks that are not in the date range the student gave you.

You need to confirm your charges from Monday to Sunday for each week. The first date of the date range the student gives you may be the first of the month. If this date isn't a Monday, put down the date of the Monday before the first of the month.

Do you need to do anything else?

You should keep a copy of the charges you confirm for this student because we check the Childcare Grant claims of some students throughout the academic year.
