Childcare Grant Application Form CCG1

Your estimated weekly childcare costs 2018/19

How to apply for Childcare Grant

Before you fill in this form, make sure you've completed your main application for student finance.

Complete this form to give us your **estimated** childcare costs. We'll use this information to work out how much Childcare Grant you can get. Any children you're claiming Childcare Grant for must be financially dependent on you.

Why estimate your childcare costs now?

Giving your estimates now means we can work out what your first payment will be and have it ready for you as soon as possible.

Don't know who your childcare provider(s) will be yet?

Don't worry – you can still apply for the Childcare Grant based on your estimated childcare costs even if you don't have your provider's details yet.

How much could you get?

How much Childcare Grant you could get will be based on the estimated childcare costs you give us, the number of children you have in childcare and your household income.

If you can give us the details of your registered or approved childcare provider(s), the maximum amount of Childcare Grant you could get is:

= up to a maximum of £164.70 per week

If you have **one child** in childcare, you could get up to a maximum of £164.70 per week, or 85% of your total childcare costs (whichever is less).

= up to a maximum of £282.36 per week

If you have **two or more children** in childcare, you could get up to a maximum of £282.60 per week, or 85% of your total childcare costs (whichever is less).

If you can't give us the details of your registered or approved childcare provider(s) yet, the maximum amount of Childcare Grant you could get is £127.33 per week, or 85% of your total estimated childcare costs (whichever is less). We'll review this once you confirm your childcare provider's details.

How and when will you be paid?

We'll send you an entitlement letter which will show you how much you'll get and when you'll be paid.

You'll usually be paid Childcare Grant in three instalments with the rest of your student finance. It will be paid straight into your bank account. You can then use it to pay your childcare provider(s).

What happens next?

Your estimated childcare costs will help us work out what your three Childcare Grant payments will be.

Eight weeks after the start of your academic year you and your childcare provider will need to confirm the actual amounts you've been charged. We'll send you a Childcare Costs Confirmation form (CCG2) for this.

It's important that you complete and return your CCG2 forms. If you don't your Childcare Grant could be stopped and you could be asked to repay what you've already been paid.

We'll review your Childcare Grant using the actual childcare costs confirmed on your CCG2 form and may increase or decrease your next payment based on any difference between your estimated and actual costs.

Usually we'll send you two more CCG2 forms during the academic year to confirm your actual childcare costs and continue to adjust your payments where necessary.

What kinds of childcare will qualify?

As long as your childcare provider is registered with, or approved by, an appropriate body such as OFSTED, you can claim Childcare Grant.

You can find more information on whether your childcare will qualify for Childcare Grant at www.gov.uk/childcare-grant

Your childcare details

In this section you need to tell us how much you expect to pay per week for childcare in this academic year.

How to estimate your childcare costs

It's important to estimate your costs as accurately as you can. This will help prevent unexpected changes to your future payments. If you're not sure how much you'll have to pay for childcare, consider the following details to make sure your estimate is as accurate as possible:

- how many days per week you'll need childcare;
- the types of childcare you'll need (such as nursery school, child-minders or after-school clubs);
- how much the childcare providers in your area charge.
- if you receive any free hours of childcare, you shouldn't claim Childcare Grant for these.

 **Remember: you should apply as soon as you can so we can work out what your first payment will be and have it ready for you as soon as possible.**

2 Your childcare details

Are you claiming Childcare Grant for more than two children?

Include another copy of this form, with details of your other children, when you send in this form. You can either photocopy this one or download another copy from www.gov.uk/student-finance-forms

Differences from your typical weekly childcare costs

We realise that there may be times during the academic year when your typical weekly childcare costs will be different from the estimates you've provided. This could be because of university holidays, your child's school holidays or times when you've arranged for alternative childcare.

Can you change your estimates after you submit your form?

You can tell us about a change to your childcare costs or childcare provider at any time, by sending another copy of this form (CCG1) with your updated details.

Have you sent all the documentation about your children that we need?

Any children you're claiming Childcare Grant for must be financially dependent on you.

If you've already sent documents to prove this as part of your main student finance application, you don't have to send them again. If you haven't, send us a photocopy of their birth certificates, as well as a Tax Credit Award Notice, Universal Credit letter or Child Benefit letter to prove that they are financially dependent on you.
